Office Phone Number	
Person Email Address	

The nomination packet should include the following items:

- 1) This completed nomination form (or information contained in table above).
- 2) Letter of nomination (**not to exceed more than 3 pages in length**) that (a) addresses the rationale for the nomination for the Inclusive Excellence Award, (b) summarizes the provided evidence that meets the established award criteria; and (c) highlights the academic unit's significant contributions to the promotion of inclusive excellence.
- 3) Evidence that supports the nominee's suitability for the award. This evidence may be, but is not limited to the following, as appropriate:
  - Work demonstrating the unit's activities that promote diversity and inclusion within the field of kinesiology;
  - Research that supports and advances the understanding of diversity and inclusion within the field of kinesiology;
  - Innovative teaching practices that advances understanding of diversity and inclusion within the field of kinesiology – through course curricula, new teaching strategies, development of diversity and/or inclusion-oriented academic courses, etc.;
  - Service that demonstrates an advanced commitment to diversity and inclusion;
  - Demonstrated mentorship and support of historically underrepresented and/or marginalized individuals.
- 4) (Optional) Up to two additional letters of support (**no letter should exceed more than 2 pages in length**).
